

# Defensive Handgun Training

Critical Fundamentals of Handgun Shooting for Personal Defense

**August 17<sup>th</sup> and 18<sup>th</sup>**  
**8:00 am – 5:00 pm**

## Frankenmuth Conservation Club

This training workshop will present the detailed layers of effectively increasing your speed, accuracy, and control over the dynamics of personal defense

**Learn How To:**

- Manage a violent physical threat under extreme duress
- Knock precious quarter-seconds off your target acquisition time
- Make rapid and effective close quarters combat round placement
- Decrease your response time against single and multiple assailants
- Control the dynamics of personal combat while moving from hands to guns

**What to Bring:** Pistol, holster, gun oil, range kit (eye and ear protection, ball cap, sun screen, bandaids, light rain gear, etc.), at least three magazines, mag pouch, holster belt, blue inert training handgun and matching holster. Round count 400.
